FAQ

About the FAQ

An FAQ is a page of answers to the questions people ask before they start the Praxis Learning programme. Use it to choose a topic, open its question, and read the answer.

If you need to...	Go to
Know what the FAQ page covers	About the FAQ
Check what you need before looking for an answer	Before you start
Locate a topic	Find a question
Understand how the question list is arranged	Understand the FAQ page
Open an answer or choose a follow-up link	Read an answer

The page contains questions about who builds Praxis, the AI tutor, the diagnostic, the mock exam, readiness, existing qualifications, content accuracy, study planning, privacy, and future bar-exam support.

Before you start

Prerequisites

Before you start	What to have ready
Page access	Open the public <code>/faqs</code> route.
Records	None.
Form information	None.

Before you start	What to have ready
Permissions or setup	None is required by the public route.

Find a question

Use this procedure when you know the subject of your question and need to locate its FAQ entry.

Prerequisites

- You can open the public `/faqs` route.

Steps

- Open `/faqs`.
- Locate the question list.
- Choose from the available topics:

If you want to know about...	Choose the question beginning...
The programme's creator	Who builds Praxis?
The AI tutor	Can I actually trust the AI tutor?
The diagnostic attempt rule	Why is the diagnostic single-attempt?
The mock exam	How realistic is the mock exam?
Readiness	What does "readiness" actually mean here?
Existing qualifications	I'm exam-qualified — does Praxis save me time?
Content accuracy	How do I know the content is correct?
Study planning	How long should I plan for?
Privacy	Is my data and study activity private?
Future bar exams	Will Praxis support other bar exams in future?

Result: You are on `/faqs` and have identified the question that matches your need.

Understand the FAQ page

After you identify a topic, the FAQ page presents its question with the answer in one expandable question entry.

What you see	What it is for
A question heading	Select it to open the answer associated with that question.
An answer below the question	Read the response to the selected question.
A list of ten questions	Choose the topic that matches your need.

The page is a reference list. It does not ask you to enter information, work with a grid, or respond to a validation or confirmation message.

Read an answer

Use this procedure to select a question, read its answer, and choose a follow-up link.

Prerequisites

- You have opened `/faqs`.
- You have identified the question you want to read.

Steps

1. Select the question that matches your need, such as **Who builds Praxis?**
2. Read the answer that opens below the question.
3. Choose the follow-up that matches what you want to do next:

If you want to...	Select
Return to the FAQ question list	Visit the FAQ
Arrange a consultation	Book a consultation

Result: You have selected the question whose answer you need to read.
