

QualityGate

September 4, 2026

QualityGate

Kind: Class

Source: [atloria-monorepo/packages/doc-automation/src/v2/stages/stage-10-generation/quality-gate.ts](https://github.com/atloria-monorepo/packages/doc-automation/src/v2/stages/stage-10-generation/quality-gate.ts)

Methods

Method	Signature	Returns
evaluate	<code>evaluate(documents: GeneratedDocument[], plans: DocumentPlan[], entities: Entity[], sharedContext: string, retrievedContexts: Map<string, RetrievedContext>, moduleAreas: string[])</code>	<code>Promise<QualityGateResult></code>

Where it refuses work

- `QualityGate` stops the work with an early return when `failed.length === 0 || !this.config.enabled`.
