---

## SessionEventBridge

---

**Kind:** Class

**Source:** [atloria-monorepo/libs/agent-core/src/protocol/session-event-bridge.ts](https://github.com/atloria-monorepo/libs/agent-core/src/protocol/session-event-bridge.ts)

### Methods

| Method                    | Signature                                                             | Returns           |
|---------------------------|-----------------------------------------------------------------------|-------------------|
| <code>addTransport</code> | <code>addTransport(transport: AgentTransport)</code>                  | <code>void</code> |
| <code>on</code>           | <code>on(type: T, handler: AgentProtocolEventHandler&lt;T&gt;)</code> | <code>void</code> |
| <code>dispose</code>      | <code>dispose()</code>                                                | <code>void</code> |

### Where it refuses work

- `SessionEventBridge` stops the work with an early return when `this.disposed` .

### When something fails

- `SessionEventBridge` handles failure in 2 places: it discards it silently in all 2.
