FORCED_LIGHT_TOKENS

Kind: Constant

Source: [atloria-monorepo/apps/web/src/app/p/\[slugId\]/components/theme-presets.ts](https://github.com/atloria-monorepo/apps/web/src/app/p/[slugId]/components/theme-presets.ts)

Inverse path (C5): neutral LIGHT surface tokens for when a reader forces light mode on a DARK pack (midnight/carbon). Mirrors FORCED_DARK_TOKENS — brand primary/accent stay as configured, only the surfaces flip. Uses the default pack's surfaces so forced-light looks identical to an unthemed site.
