

GPT5_FLAGSHIP_PROFILE

September 4, 2026

GPT5_FLAGSHIP_PROFILE

Kind: Constant

Source: `atloria-monorepo/libs/agent-core/src/runtime/model-profiles.ts`

GPT-5.4 (Azure Responses API) — the Atloria primary model.

Key quirks:

- reasoning_effort defaults to 'none' → skips tool calls
- temperature is unsupported when reasoning is active
- tool_choice: 'required' needed on turn 1 to force at least one call

Definition

`ModelCapabilityProfile`
