## DocVersion

**Kind:** Database Model

**Source:** `atloria-monorepo/libs/database/prisma/schema.prisma`

### Fields

| Field             | Type             | Required | Key    |
|-------------------|------------------|----------|--------|
| id                | String           | ✓        | PK     |
| projectId         | String           | ✓        |        |
| organizationId    | String           | ✓        |        |
| versionNumber     | Int              | ✓        |        |
| label             | String           | -        |        |
| description       | String           | -        |        |
| language          | String           | ✓        |        |
| audienceScope     | String           | ✓        |        |
| status            | DocVersionStatus | ✓        |        |
| commitHash        | String           | -        |        |
| branch            | String           | -        |        |
| gitTag            | String           | -        |        |
| jobId             | String           | -        | unique |
| generationSummary | Json             | -        |        |
| screenBaseline    | Json             | -        |        |
| previousVersionId | String           | -        |        |
| createdAt         | DateTime         | ✓        |        |

| Field               | Type     | Required | Key |
|---------------------|----------|----------|-----|
| updatedAt           | DateTime | ✓        |     |
| publishedAt         | DateTime | -        |     |
| archivedAt          | DateTime | -        |     |
| scheduledActivateAt | DateTime | -        |     |
| scheduledById       | String   | -        |     |
| scheduleTimezone    | String   | -        |     |
