assertNoAccessibilityViolations

Kind: Function

Source: [atloria-monorepo/apps/web-e2e/src/utils/accessibility.ts](#)

Assert no accessibility violations (WCAG AA by default)

Signature

```
async function assertNoAccessibilityViolations(page: Page, options: {  
  level?: WCAGLevel;  
  include?: string[];  
  exclude?: string[];  
  disabledRules?: string[];  
  allowedViolations?: string[];  
}): Promise<void>
```

Parameters

Name	Type
page	Page
options	{

```
  level?: WCAGLevel;  
  include?: string[];  
  exclude?: string[];  
  disabledRules?: string[];  
  allowedViolations?: string[];
```

```
} |
```

Returns: `Promise<void>`
