

# buildFeatureDevPlan

September 4, 2026

## buildFeatureDevPlan

**Kind:** Function

**Source:** `atloria-monorepo/libs/agent-core/src/autonomous/workflows/feature-dev.ts`

Build a feature development orchestration plan.

### Signature

```
function buildFeatureDevPlan(options: {
  featureDescription?: string;
  workspace?: string;
}): OrchestrationPlan
```

### Parameters

| Name                                      | Type           |
|-------------------------------------------|----------------|
| <code>options</code>                      | <code>{</code> |
| <code>featureDescription?: string;</code> |                |
| <code>workspace?: string;</code>          |                |
| <code>}</code>                            |                |

**Returns:** `OrchestrationPlan`
