buildReviewNudge

Kind: Function

Source: `atloria-monorepo/libs/agent-core/src/autonomous/self-review.ts`

Build a compact review nudge (for injection into instructions).

Shorter than the full review prompt — just highlights what to check.

Signature

```
function buildReviewNudge(editedFiles: EditedFile[]): string
```

Parameters

Name	Type
<code>editedFiles</code>	<code>EditedFile[]</code>

Returns: `string`
