

buildSemanticUtilities

September 4, 2026

buildSemanticUtilities

Kind: Function

Source: [atloria-monorepo/libs/pme-core/src/tools/theme.ts](https://github.com/atloria-monorepo/libs/pme-core/src/tools/theme.ts)

Build semantic utility classes that map to CSS vars.
These replace hardcoded Tailwind color classes.

Signature

```
function buildSemanticUtilities(): string
```

Returns: `string`
