clampScrollDepth

Kind: Function

Source: [atloria-monorepo/apps/api/src/analytics/utls/tracking-utls.ts](https://github.com/atloria-monorepo/apps/api/src/analytics/utls/tracking-utls.ts)

Clamp scroll depth into the 0–100 range. Some browsers occasionally report 101% on bounce or with sticky footers; clamp instead of dropping the row.

Signature

```
function clampScrollDepth(depth: number | null | undefined): number | null
```

Parameters

Name	Type
depth	`number

Returns: `number | null`
