classifyTask

Kind: Function

Source: `atloria-monorepo/libs/agent-core/src/tools/tool-profiles.ts`

Infer a TaskMode from the user's opening message using keyword heuristics.
Returns 'full' when no clear signal is found.

Signature

```
function classifyTask(message: string): TaskMode
```

Parameters

Name	Type
<code>message</code>	<code>string</code>

Returns: `TaskMode`
