

createDefaultProcessors

September 4, 2026

createDefaultProcessors

Kind: Function

Source: [atloria-monorepo/libs/agent-core/src/context/history-processors.ts](https://github.com/atloria-monorepo/libs/agent-core/src/context/history-processors.ts)

Default processor pipeline order:

1. SourceTruncation — bound individual item sizes
2. LastNObservations — elide old observations
3. ClosedWindow — dedup file reads

Signature

```
function createDefaultProcessors(): HistoryProcessor[]
```

Returns: `HistoryProcessor[]`
