createUnifiedDiffEditTool

Kind: Function

Source: `atloria-monorepo/libs/agent-core/src/tools/edit-file.tool.ts`

Create an edit tool that accepts unified diff format instead of search/replace. Better for complex, multi-site edits.

The agent provides a standard unified diff (with

Signature

```
function createUnifiedDiffEditTool(options: EditFileOptions): ToolDefinition<TContext>
```

Parameters

Name	Type
options	EditFileOptions

Returns: `ToolDefinition<TContext>`
