formatIssues

Kind: Function

Source: `atloria-monorepo/libs/agent-core/src/autonomous/confidence-filter.ts`

Format issues for display.

Groups by severity (critical first), then sorts by confidence within each group.

Output format:

```
### Critical Issues
[!!!] (95) file.ts:42 [bug] - Description
      Suggestion: How to fix
      Found by: agent-name
```

Signature

```
function formatIssues(issues: ScoredIssue[]): string
```

Parameters

Name	Type
issues	ScoredIssue[]

Returns: `string`
