

formatRelativeTime

September 4, 2026

formatRelativeTime

Kind: Function

Source: [atloria-monorepo/apps/web/src/app/p/\[slugId\]/components/uiStrings.ts](https://github.com/atloria-monorepo/apps/web/src/app/p/[slugId]/components/uiStrings.ts)

Localized relative time ("3 hours ago" / "قبل ٣ ساعات").

Uses Intl.RelativeTimeFormat so ANY documentation language gets correct plural/dual forms for free; <60s uses the catalog's "just now".

Signature

```
function formatRelativeTime(input: string | Date, lang: string | null): string
```

Parameters

Name	Type
input	`string
lang	`string

Returns: `string`
