hasIncludeDirective

Kind: Function

Source: [atloria-monorepo/apps/api/src/snippets/expand-includes.ts](https://github.com/atloria-monorepo/apps/api/src/snippets/expand-includes.ts)

Cheap pre-filter so snippet-less content costs nothing at the seams.

Signature

```
function hasIncludeDirective(markdown: string): boolean
```

Parameters

Name	Type
markdown	string

Returns: boolean
