isExpired

Kind: Function

Source: `atloria-monorepo/packages/ui-core/src/components/api-explorer/oauth2.ts`

A grant with no life left in it is the same as no grant, and the bar says so.

Signature

```
function isExpired(grant: OAuth2Grant | undefined, now): boolean
```

Parameters

Name	Type
<code>grant</code>	<code>OAuth2Grant</code>
<code>now</code>	<code>any</code>

Returns: `boolean`
