

parseMemoryExtractionResponse

September 4, 2026

parseMemoryExtractionResponse

Kind: Function

Source: [atloria-monorepo/libs/agent-core/src/autonomous/session-memory.ts](https://github.com/atloria-monorepo/libs/agent-core/src/autonomous/session-memory.ts)

Parse the model's response into SessionMemory objects.

Handles common response formats (raw JSON, markdown-wrapped JSON, etc.).

Signature

```
function parseMemoryExtractionResponse(response: string): SessionMemory[]
```

Parameters

Name	Type
response	string

Returns: SessionMemory[]
