parseReviewResponse

Kind: Function

Source: [atloria-monorepo/libs/agent-core/src/autonomous/self-review.ts](https://github.com/atloria-monorepo/libs/agent-core/src/autonomous/self-review.ts)

Parse a structured review response into a ReviewResult.
Handles both JSON responses and free-text responses.

Signature

```
function parseReviewResponse(response: string): ReviewResult
```

Parameters

Name	Type
response	string

Returns: ReviewResult
