

# readOAuth2Schemes

September 4, 2026

## readOAuth2Schemes

**Kind:** Function

**Source:** `atloria-monorepo/packages/ui-core/src/components/api-explorer/oauth2.ts`

Every OAuth2 / OpenID Connect scheme the spec declares, resolved to a runnable flow.

## Signature

```
function readOAuth2Schemes(spec: SpecLike | undefined): OAuth2Scheme[]
```

## Parameters

| Name              | Type                   |
|-------------------|------------------------|
| <code>spec</code> | <code>`SpecLike</code> |

**Returns:** `OAuth2Scheme[]`
