RequiresPlan

Kind: Function

Source: [atloria-monorepo/apps/api/src/billing/requires-plan.decorator.ts](#)

Gate a route (or controller) to organizations on `plan` or higher.

Use together with `PlanGuard` (and after `JwtAuthGuard`, which populates `request.user`):

Signature

```
function RequiresPlan(plan: PlanLevel)
```

Parameters

Name	Type
<code>plan</code>	<code>PlanLevel</code>
