runProcessorPipeline

Kind: Function

Source: [atloria-monorepo/libs/agent-core/src/context/history-processors.ts](#)

Run the processor pipeline over input items.

Returns the transformed items (never mutates the originals).

Signature

```
function runProcessorPipeline(processors: HistoryProcessor[], items: AgentInputItem[]): AgentIn
```

Parameters

Name	Type
processors	HistoryProcessor[]
items	AgentInputItem[]

Returns: AgentInputItem[]
