savePredictions

Kind: Function

Source: [atloria-monorepo/libs/agent-core/src/benchmark/swebench-evaluator.ts](#)

Save TaskResults as a JSONL predictions file for the SWE-bench harness.
Skips results with empty/whitespace-only patches.

Signature

```
function savePredictions(results: TaskResult[], outputPath: string, modelName: string): void
```

Parameters

Name	Type
results	TaskResult[]
outputPath	string
modelName	string

Returns: void
