sitemap

Kind: Function

Source: [atloria-monorepo/apps/web/src/app/sitemap.ts](https://github.com/atloria-monorepo/apps/web/src/app/sitemap.ts)

Dynamic sitemap — only includes pages from ACTIVE versions.
Non-active version pages are crawlable via links but excluded.

Structure generated:

/p/{slugWithId} — project landing

/p/{slugWithId}/{audienceSlug} — audience landing

/p/{slugWithId}/{audienceSlug}/{docSlug} — document page

Signature

```
async function sitemap(): Promise<MetadataRoute.Sitemap>
```

Returns: `Promise<MetadataRoute.Sitemap>`
