useDocumentationJobs

Kind: Function

Source: [atloria-monorepo/apps/web/src/hooks/useDocumentationJobs.ts](#)

Custom hook for fetching documentation job history

Manages:

- Fetching recent jobs for a project
- Live WebSocket progress for RUNNING/PENDING jobs
- Re-generation (starting a new job)

Signature

```
function useDocumentationJobs(options: UseDocumentationJobsOptions): UseDocumentationJobsReturn
```

Parameters

Name	Type
options	UseDocumentationJobsOptions

Returns: UseDocumentationJobsReturn
