

AgentTransport

September 4, 2026

AgentTransport

Kind: Interface

Source: [atloria-monorepo/libs/agent-core/src/protocol/session-event-bridge.ts](https://github.com/atloria-monorepo/libs/agent-core/src/protocol/session-event-bridge.ts)

A transport is a thin adapter between AgentProtocolEvents and a specific output surface (terminal, WebSocket, IPC channel, etc.).

Implement this interface to add a new surface without touching the bridge.
