

ApiTargetConfig

September 4, 2026

ApiTargetConfig

Kind: Interface

Source: [atloria-monorepo/apps/web/src/lib/api-client.ts](#)

Live API target config — the auth VALUE is write-only, so only `hasAuth` comes back.

Properties

Property	Type
<code>baseUrl</code>	<code>string</code>
<code>authHeaderName</code>	<code>string</code>
<code>allowWrites</code>	<code>boolean</code>
<code>enabled</code>	<code>boolean</code>
<code>hasAuth</code>	<code>boolean</code>
<code>writeAllowlist</code>	<code>string[]</code>
<code>oauth2</code>	<code>`PlaygroundOAuth2Config`</code>
