ChangeRequestConflictState

Kind: Interface

Source: [atloria-monorepo/packages/api-client/src/endpoints/change-requests.ts](https://github.com/atloria-monorepo/packages/api-client/src/endpoints/change-requests.ts)

Persisted when a merge attempt (or a diff refresh) found sections conflicting with newer changes on main — the CR flips back to 'open' and merges are blocked until resolved
