ChapteredVideoSpec

Kind: Interface

Source: `atloria-monorepo/packages/types/src/models/video.ts`

What the reader's ChapteredVideo needs — the resolved (CDN) form. Serialized onto the `:::video` directive's data attributes by the rewrite.

Properties

Property	Type
<code>src</code>	<code>string</code>
<code>poster</code>	<code>string</code>
<code>captions</code>	<code>string</code>
