CommitOptions

Kind: Interface

Source: atloria-monorepo/apps/api/src/docs-repo/docs-repo.service.ts

S2.0 attribution options for a commit. Default (absent) keeps the existing single-identity

behaviour: the TYPED author is recorded as BOTH git author and committer.

Properties

Property	Type
<code>committer</code>	<code>CommitAuthor</code>
<code>coAuthors</code>	<code>CommitAuthor[]</code>
