CrPreviewFile

Kind: Interface

Source: [atloria-monorepo/apps/api/src/change-request/change-request.service.ts](https://github.com/atloria-monorepo/apps/api/src/change-request/change-request.service.ts)

B2 preview overlay: the rendered proposed body for one page, captured at open/restage time (the worker already holds the content in hand) so the preview serving path never reads the PVC.

Built from the SAME content the branch commit carries → preview bytes == committed bytes.

Properties

Property	Type
documentId	string
