DeepLoadRequest

Kind: Interface

Source: `atloria-monorepo/packages/doc-automation/src/v2/types/stage-10.types.ts`

DeepLoadRequest - AI requests additional code context

During generation, if AI is uncertain about something, it can request the full implementation of a specific entity.

Max 3 iterations per document to prevent infinite loops.

Properties

Property	Type
<code>entityName</code>	<code>string</code>
<code>reason</code>	<code>string</code>
<code>requestedBy</code>	<code>`generator`</code>
<code>urgency</code>	<code>`required`</code>
