### Properties

| Property                     | Type                        |
|------------------------------|-----------------------------|
| <code>id</code>              | <code>string</code>         |
| <code>title</code>           | <code>string</code>         |
| <code>slug</code>            | <code>string</code>         |
| <code>content</code>         | <code>string</code>         |
| <code>contentHtml</code>     | <code>`string</code>        |
| <code>type</code>            | <code>DocumentType</code>   |
| <code>source</code>          | <code>DocumentSource</code> |
| <code>audienceIds</code>     | <code>string[]</code>       |
| <code>state</code>           | <code>DocumentState</code>  |
| <code>version</code>         | <code>number</code>         |
| <code>parentVersionId</code> | <code>`string</code>        |
| <code>canRegenerate</code>   | <code>boolean</code>        |
| <code>kgEntityId</code>      | <code>`string</code>        |
| <code>kgEntityType</code>    | <code>`string</code>        |
| <code>isPublic</code>        | <code>boolean</code>        |
| <code>publishedAt</code>     | <code>`Date</code>          |

| Property    | Type    |
|-------------|---------|
| projectId   | string  |
| categoryId  | `string |
| createdById | string  |
| updatedById | `string |
| order       | number  |
| createdAt   | Date    |
| updatedAt   | Date    |
