

PendingFlow

September 4, 2026

PendingFlow

Kind: Interface

Source: [atloria-monorepo/packages/ui-core/src/components/api-explorer/oauth2.ts](https://github.com/atloria-monorepo/packages/ui-core/src/components/api-explorer/oauth2.ts)

The flow in progress. Held in sessionStorage, not localStorage: it carries the PKCE verifier, which must not outlive the redirect it belongs to, and a tab that is closed mid-flow should leave nothing behind.

Properties

Property	Type
schemeId	string
state	string
codeVerifier	string
redirectUri	string
tokenUrl	string
clientId	string
requestedScopes	string[]
kind	OAuth2FlowKind
startedAt	number
grantNamespace	string
