

RawPageProfile

September 4, 2026

RawPageProfile

Kind: Interface

Source: [atloria-monorepo/apps/screenshot-worker/src/app/discovery/page-profiler.service.ts](https://github.com/atloria-monorepo/apps/screenshot-worker/src/app/discovery/page-profiler.service.ts)

Raw profile data returned from `page.evaluate()`.

Matches the SiteMap types but kept separate to avoid cross-package imports in the worker.

Properties

Property	Type
<code>grids</code>	<code>`Array<{</code>

```
framework: string;
selector: string;
rowCount: number;
columns: string[];
hasDetailNavigation: boolean;
detailUrl?: string;
detailProfile?: RawPageProfile;
```

```
}> | | tabs | Array<{
label: string;
index: number;
selector: string;
detectionMethod: string;
}> | | buttons | Array<{
text: string;
selector: string;
isEnabled: boolean;
}> | | inputs | Array<{
type: string;
```

```
placeholder: string;
selector: string;
label?: string;
}> | | forms | Array<{
selector: string;
fieldCount: number;
hasSubmitButton: boolean;
}> | | modals | Array<{
selector: string;
title?: string;
}>` |
```
