

StateResolutionHint

September 4, 2026

StateResolutionHint

Kind: Interface

Source: atloria-monorepo/packages/doc-automation/src/v2/types/screenshot-spec.types.ts

Hints for the state resolver about where/how to find matching records.
Used by the screenshot-worker's StateResolverService to navigate to a list view, scan the grid, and click into a matching record.

Properties

Property	Type
