

# CostCalculation

August 17, 2026

## CostCalculation

**Kind:** Class

**Source:** Frontend/src/app/models/sales/new-job/cost-calculation.ts (line 9)

**Part of:** Frontend

## Properties

| Property                  | Type                            |
|---------------------------|---------------------------------|
| Id                        | number                          |
| BranchId                  | number                          |
| SalesJobId                | number                          |
| SalesJobNo                | string                          |
| BuyoutJobId               | number                          |
| SalesOfferId              | number                          |
| SalesOrderId              | number                          |
| SellingCurrencyCode       | string                          |
| SellingCurrencySymbol     | string                          |
| CostCalculationMargins    | CostCalculationDetails[]        |
| CostCalculationItems      | CostCalculationItem[]           |
| CostCalculationSalesItems | MarginCalculationForSalesItem[] |
| LastModifiedAt            | Date                            |
| LastModifiedById          | number                          |
| CreatedAt                 | Date                            |
| CreatedById               | number                          |

| Property                        | Type                |
|---------------------------------|---------------------|
| <code>_TotalAgreedMargin</code> | <code>number</code> |

## Used by

6 references from 6 files. Each is a place in this repository where the symbol is actually used — go read one rather than trusting an example.
