

MenuController

August 19, 2026

MenuController

Kind: Controller

Source: `Pams/API/Pams.API/Controllers/Security/MenuController.cs` (line 20)

Part of: [Pams](#)

When something fails

- `MenuController` handles failure in 2 places: it turns it into a return value in all 2.

Relationships

- MODULE_DECLARES → `GetCurrentMenu`
- IMPORTS → `BaseController`
- IMPORTS → `GetMenu`
- IMPORTS → `GetAll`
- IMPORTS → `GetAll`
- IMPORTS → `GetAll`
- IMPORTS → `GetMenuBindingModel`
