

Attach files to a Direct Order

August 8, 2026

Attach files to a Direct Order

Add relevant order documentation to a Direct Order and review the files associated with the record.

Before you start

- A Direct Order record is being created or maintained.
- Files should be relevant to the order.

Steps

1. **Attach** on [Direct Order](#) — Adds files to the Direct Order.
2. **files[]** on [Direct Order](#) — Displays files associated with the record.

Result

Displays files associated with the record. Confirm this on [Direct Order](#).
