

Choose a company's work-procedure settings

August 8, 2026

Choose a company's work-procedure settings

Select the applicable company tab before reviewing or changing that company's sales-process approval and editability settings.

Before you start

- Access to Configurations > Work Procedure Settings.
- Settings are maintained separately for each company tab.

Steps

1. **Company tab** on [Work Procedure Settings](#) — Switches the settings shown to the selected company.

Result

Switches the settings shown to the selected company. Confirm this on [Work Procedure Settings](#).
