📄 Tickets

Use Market to work with Market records and access related Accounts, Clients, and Principals information.

- Select **Standard Layout** to apply the standard screen layout.
- Select **Add Layout** to add a layout.
- Select **Save** to save the current Market record.
- Select **Update Current** to update the current item.
- Select **Delete Current** or **Delete** to remove an item.
- Select **Columns Chooser** to choose displayed columns.

- Select **Export** to export the displayed information.
- Select **All** and **Apply filter** to view and filter information.
- Select **Tickets** to access tickets.

First session: Apply the standard layout and save a Market record

1. Go to **Applications > Market**.
2. Open the **Market record** screen.
3. Select **Standard Layout** to apply the default arrangement of information on the screen.
4. Update the Market record as required.
5. Select **Save**.

Confirm the result

The Market record remains available with the standard layout applied and your changes saved.

Next steps

- Open **Accounts** to work with business customer or organization records.
- Open **Clients** to review client-related information.
- Open **Principals** to work with principal-related information.
- Use **Columns Chooser**, **All**, and **Apply filter** when reviewing Market information in a list.
