My Desk2 — Overview

Applications › My Desk2

My Desk2 — Overview provides a central workspace for accessing operational areas and personal work items within the platform. It is intended for users who work across sales, project management, purchasing, Warehouse, and Finance activities.

The area provides entry points to dashboards, reports, tickets, and attachments. It supports navigation to the relevant functional workspace without introducing separate transactional records in this overview.

What you can do here

- Open **Dashboard** to access dashboard information.
- Open **Reports** to access reporting functions.
- Open **Tickets** to access tickets.
- Use **Attach** to work with attachments.
- Open **My Desk** to return to the personal workspace.
- Navigate to **Sales**, **PM**, **Purchasing**, **Warehouse**, or **Finance** for the relevant business area.
